This Airlift Wing instruction implements Air Force Policy Directive (AFPD) 14-1, *Intelligence, Surveillance, and Reconnaissance (ISR) Planning, Resources, and Operations*. This 932d Operations Group Operating Instruction (OGOI) outlines responsibilities and procedures for managing the 932d Operations Group (OG) Threat Working Group in accordance with (IAW) AMCI 14-106, *Threat Working Group*; AFRCI 14-101, *Threat Working Group*; and AFI 14-2SAM-CSM-DVG Vol 3, *Special Air Mission-Command Missions-Distinguished Visitor Guard Unit Intelligence Procedures*. Refer recommended changes and questions about this publication to the Office of Primary Responsibility (OPR) using the AF Form 847, *Recommendation for Change of Publication*; route AF Form 847s from the field through Major Command (MAJCOM) publications/forms managers. Ensure that all records created as a result of processes prescribed in this publication are maintained in accordance with Air Force Manual (AFMAN) 33-363, *Management of Records*, and disposed of in accordance with Air Force Records Information Management System (AFRIMS) Records Disposition Schedule (RDS) located at <https://www.my.af.mil/gcss-af61a/afirms/afirms/>. The use of the name or mark of any specific manufacturer, commercial product, commodity, or service in this publication does not imply endorsement by the Air Force.

1. Threat Working Group:

1.1. Charter:

1.1.1. The 932 OG Threat Working Group (TWG) is the wing focal point for coordinated threat analysis and force protection (FP) recommendations for 932d operations in overseas locations. Based on the TWG assessment, the TWG chair (932 OG/CC) may request or direct mission changes through the tasking authority.

1.1.2. The TWG conducts meetings on an as needed basis, depending upon overseas mission notifications.

1.2. Membership:

1.2.1. The TWG is chaired by the 932 OG/CC. TWG principal membership includes representatives from 932d Operations Group Intelligence (OG/OGI), 932d Operations Support Flight/Current Operations (OSF/OSO), 932 OSF/CD, 932d Mission Support Flight Security Forces Operations (MSF/SFO), 54th Airlift Squadron (AS) (C-40 missions only) and the 73 AS, and will include personnel from Air Force Office of Special Investigations (AFOSI) Detachment 301 and 375th Medical Group/Public Health (MDG/SGPM) when available. If not available to attend the TWG meetings, AFOSI and/or SGPM will be coordinated with regarding the mission(s).

1.2.1.1. Other internal and external organizations support the TWG with products, services and inputs on an as needed basis.

1.3. Processes:

1.3.1. The TWG meets to discuss current and potential threats affecting 932d mission planning and operations.

1.3.1.1. Office of the Assistant Vice Chief of Staff of the Special Air Missions Division (CVAM) Directed Overseas Missions. The meeting analyzes threats to 932d missions, reviews threat mitigation efforts, and assesses required FP measures. Missions flown overseas will adhere to the AMC/A3 approved force protection policies contained in the applicable country or airfield Risk Assessments (RA). Additional, more restrictive FP recommendations may be made based on the localized threat; those recommendations will be made to the TWG chair for review/validation. Recommendations and mission assessment slides will be forwarded to AMC/A2O (amc.a2o@scott.af.smil.mil) and AFRC CAT/A2A Intelligence Analysis and Force Protection (afrcatdoi@afrc.robins.af.smil.mil) for their review. AMC/A2O and AFRC/A2A will communicate any additional issues or recommendations to 932 OG/OGI, who is responsible for ensuring these issues or recommendations are communicated to the appropriate offices.

1.3.1.1.1. When mission limitations necessitate deviation from AMC/A3 policy, this meeting is also the forum to make recommendations for force protection policy waiver requests. The TWG chair will recommend going forward with a waiver submission. The 932 OG/OGI will write the waiver request, and then submit it to the 932 OG/CC for coordination. Once coordination has been completed, the waiver will go to the 932d Airlift Wing Commander (AW/CC) for signature. Policy waiver requests will then be submitted over classified e-mail to AMC/A2O, and AFRC CAT/A2O Intelligence will be courtesy copied. The SIPRNET web-based AMC Waiver Request site will not be used for requesting waivers for any Very Important Person Special Airlift Mission (VIP-SAM).

1.3.1.1.2. Waivers submitted to the AMC Threat Working Group will be processed IAW AMCI 14-106, *Threat Working Group*. 932 OG/OGI will route the waiver approvals/disapprovals to AFRC CAT/A2O Intelligence, the 932 OG/CC, and 932 OSF/OSO.

1.3.2. AFRC Missions. The AFRC TWG analyzes threats to 932d missions, reviews threat mitigation efforts, and assesses required FP measures. Missions flown overseas will adhere to the AFRC approved force protection policies or guidance. AFRC/A2A will communicate any additional issues or AMC/A3 directed requirements to 932 OG/OGI, who is responsible for ensuring these issues are communicated to the appropriate offices.

1.3.3. TWG action officers may recommend additional, more restrictive force protection measures based on the localized threat; those recommendations will be made to the TWG chair for review/validation. Approved recommendations will be forwarded to AFRC CAT/A2A Intelligence (for both CVAM directed and Off Station Trainer (OST)) and/or AMC/A2O (CVAM directed missions only). Action officers also identify missions requiring Raven Team deployments.

1.3.4. The 932 OG TWG program complies with higher headquarters' guidance, policy and doctrine.

1.4. Products:

1.4.1. TWG action officers produce briefing products on airfields and specific Geographic regions as well as recommendations for force protection. TWG products include:

1.4.1.1. The TWG Mission Briefing: produced as needed based on evaluation of 932d missions. Briefings will include:

1.4.1.1.1. Threat Information (OPR: OGI)

1.4.1.1.2. Operational Information (OPR: OSF/OSO and OGI)

1.4.1.1.3. Security Environment (airfield, billeting, etc.) (OPR: OGI)

1.4.1.1.4. TWG Recommendations (OPR: TWG)

1.4.2. TWG products are sent electronically to AMC/A2O and AFRC/CAT A2O.

1.4.3. Aircrew debriefing, mission reports (MISREPS), and Phoenix Raven Team post-mission reports provide feedback to the TWG on security risks to missions and force protection issues.

2. Responsibilities:

2.1. Intelligence Section (OGI):

2.1.1. Serves as the 932 OG's office of primary responsibility (OPR).

2.1.2. 932 OG/OGI is the focal point for all intelligence analysis, planning, direction, exploitation, production, and dissemination of intelligence to support the TWG processes and 932d missions.

2.1.3. Provides senior leaders immediate analysis on critical information potentially impacting on-going 932d missions.

2.1.4. Provides current imagery, maps, and other current intelligence products.

2.1.5. Provides editing and production assets required to construct risk assessment briefings and products.

2.1.6. Provides mission/situation assessment briefings to the TWG.

2.1.7. Monitors the AMC TWG Country Tier Watch List to ensure adequate force protection measures are in place prior to mission execution.

2.1.8. Validates force protection recommendations for scheduled missions.

2.1.9. Screens for Phoenix Raven required locations and notifies TWG members.

2.1.10. Produces timely MISREPS according to Gaining Major Command (GMAJCOM) requirements to assist local and HQ level TWGs better assess in-place force protection measures and determine the need for additional force protection requirements and actions.

2.1.10.1. Sends completed MISREPS to AMC/A2 and AFRC/A2O.

2.1.11. Requests/coordinates force protection issues with HQ AFRC/A2 and/or HQ AMC/A2 (CVAM-directed missions only).

2.2. 932 MSF/SFO:

2.2.1. Assesses adequacy of force protection and security of 932d missions.

2.3. 54/73 AS/DOS Scheduling:

2.3.1. Notifies Raven scheduler of requirements for mission.

2.3.2. Ensures Raven Team taskings are forwarded to the appropriate planners for inclusion in the Global Decision Support System (GDSS).

2.4. 932 OSF/OSO Current Operations:

2.4.1. Ensures current operations issues related to TWG processes and force protection are addressed in TWG meetings.

2.4.2. Engages other offices, as required, to facilitate TWG issues and taskings. Provides insight regarding OSO internal processes and organizations affecting or affected by TWG decisions.

2.4.3. Provides the TWG current mission schedules by supplying/managing Camp Flight Scheduling System (AVISOURCE) accounts. Individual TWG members/representatives are responsible for tracking current mission schedules.

2.5. 375 MDG/SGPM Public Health:

2.5.1. Provides the TWG medical-related information that could potentially impact aircrews in overseas locations. If the SGPM is unable to attend the TWG meeting due to operations tempo, a written report will be provided.

WILLIAM H. EDWARDS, JR., Col, USAFR
Commander
